PES Annual Meeting
April 30 – May 3, 2011
Denver, Colorado

Dear Colleague,

I am pleased to invite you to the inaugural Thomas Moshang Memorial Lecture at the Children's Hospital of Philadelphia:

Wednesday, September 29, 2010

08:00-09:00 Thomas Moshang Memorial Lecture/CHOP Department of Pediatrics Grand Rounds: "The Description, Elucidation of Pathophysiology, and Treatment of Laron Syndrome (Primary GH Insensitivity)" - Prof. Zvi Laron

09:00-10:00 Thomas Moshang Memorial Lecture reception (rotunda outside the auditorium)

Tom was President-Elect of (LW)PES at the time of his death, and many of his colleagues and former trainees from throughout the country would enjoy paying tribute by attending the Memorial Lecture. The specific date of the inaugural lecture was selected to dovetail with the Fifth International Congress of the GH Research Society and IGF Society in New York City. With Philadelphia an easy train ride from New York, the September 29th Grand Rounds will facilitate attendance by endocrinologists already convening in New York.

I hope you can join us for this special event!
